

Pediatric Endocrine and Diabetes

The Department of Pediatrics at the Upstate Golisano Children's Hospital at SUNY Upstate Medical University is seeking a full-time faculty pediatric endocrinologist.

The position is based at the Upstate Golisano Children's Hospital, a university-based children's hospital within Upstate University Hospital located in Syracuse, NY. Our faculty has the privilege of teaching and supervising residents and medical students from Upstate Medical University and family medicine residents from local FM residencies. We value work-life balance, while also striving for excellence in clinical work, education, patient safety, research and quality improvement. We strongly encourage the development of an individual area of academic interest and passion. Many of our faculty hold leadership positions within medical education, quality improvement, administration, and research.

Candidate will provide direct endocrine and diabetes care to pediatric patients seen in the Division of Pediatric Endocrine/Diabetes at the Joslin Diabetes Center, teach residents and medical students pursuant to clinical activity.

Candidates must be board certified in pediatrics and board eligible/certified in pediatric endocrinology. Candidates also must have a NYS medical license or be eligible. Faculty members are expected to participate in quality improvement, patient safety, and/or clinical research programs, and participate in collaborative initiatives.

Our program serves a 27-county region in Central New York, with a population of 1.8 million and a full spectrum of medical and surgical subspecialties. The Department of Pediatrics has a long history of clinical and educational excellence. Upstate Golisano Children's Hospital is a 14-year-old, 71-bed quaternary care center with a strong emphasis on multi-disciplinary, collaborative care and a winning culture. The hospital has achieved Magnet designation from the American Nurses Credentialing Center.

We recently relocated to the Nappi Wellness Institute, a five floor, 200,000 square foot outpatient facility, on June 2, 2023. The Nappi Wellness Institute brings together primary and specialty health care to meet the needs of our patients, our community and our care providers. This innovative new space houses our outpatient offices, radiology, laboratory, and pharmacy services. The Institute is connected to the Hospital complex.

We invite interested candidates to apply online with a CV letter of interest to Job #68685 at <https://careers.upstate.edu/en-us/job/500947/clinical-assistant-professor-hs>

At SUNY Upstate Medical University, we strive to promote a professional environment that encourages varied perspectives from faculty members with diverse life experiences. A respect for diversity is one of our core values. We are committed to recruiting and supporting a rich community of outstanding faculty, staff and students. We actively seek applications from women and members of underrepresented groups to contribute to the diversity of our university community in support of our teaching, research and clinical missions.
