

# T1D Exchange Quality Improvement Collaborative Health Care Transition Workgroup

---

## FAISAL MALIK, MD, MSHS

Assistant Professor | Department Pediatrics | University of Washington School of Medicine  
Interim Associate Director | Center for Child Health, Behavior, & Development | Seattle Children's Research Institute  
Co-Director | Health Services and Quality of Care Research Fellowship  
Director of Research & Medical Co-Director | Achieving Health in Emerging Adults with Diabetes (AHEAD) Program

## SARAH CORATHERS, MD

Associate Professor | UC Department of Pediatrics | UC Department of Internal Medicine  
Clinical Director | Division of Endocrinology  
Director | Quality Scholars Program

## SHIVANI AGARWAL, MD, MPH

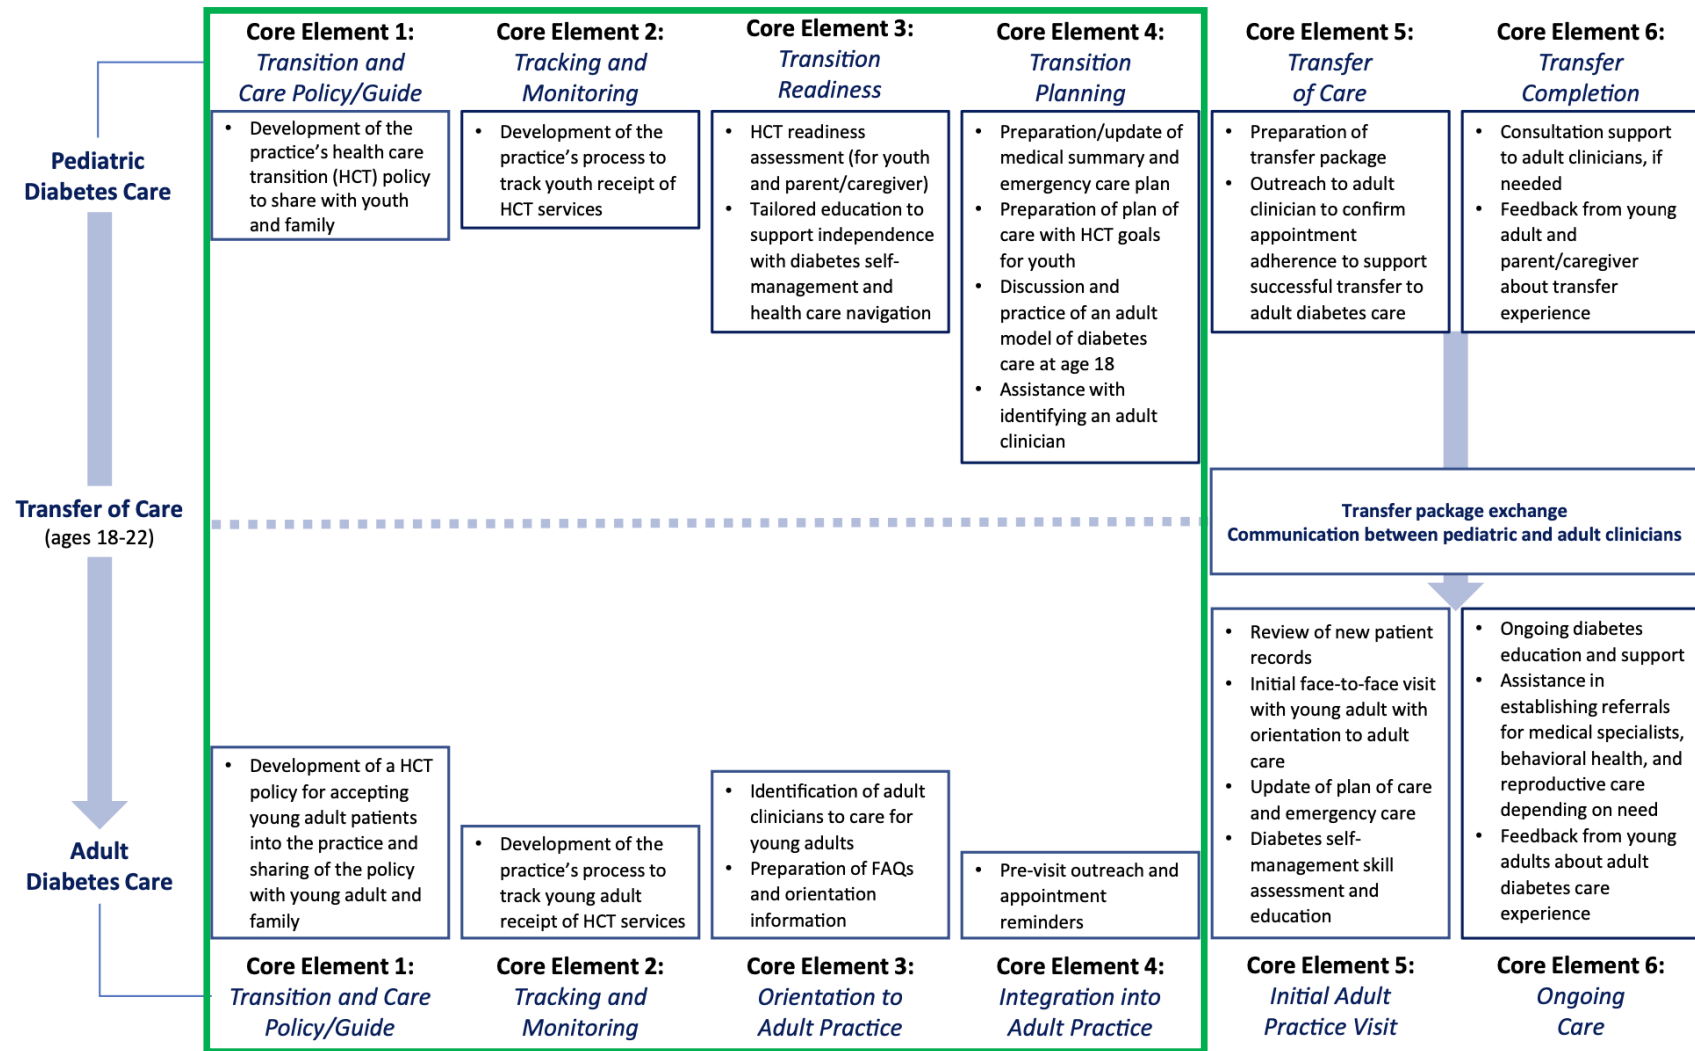

Associate Professor | Department of Medicine | Albert Einstein College of Medicine  
Associate Director | Fleischer Institute for Diabetes and Metabolism  
Director | Supporting Emerging Adults with Diabetes (SEAD) Program  
Director | Type 1 Diabetes Programs

# Objectives

---

- Define “Transfer of Care & Transfer Completions” core elements for pediatric diabetes care
- Review T1DX-QI annual survey data on core element #5 & #6 for pediatric diabetes care
- Define “Initial Adult Practice Visit & Ongoing Care” core elements for adult diabetes care
- Share successes and challenges with core elements #5 & #6 for pediatric and adult diabetes care
- Discuss plan to transition to developing T1DX-QI quality measures for health care transition

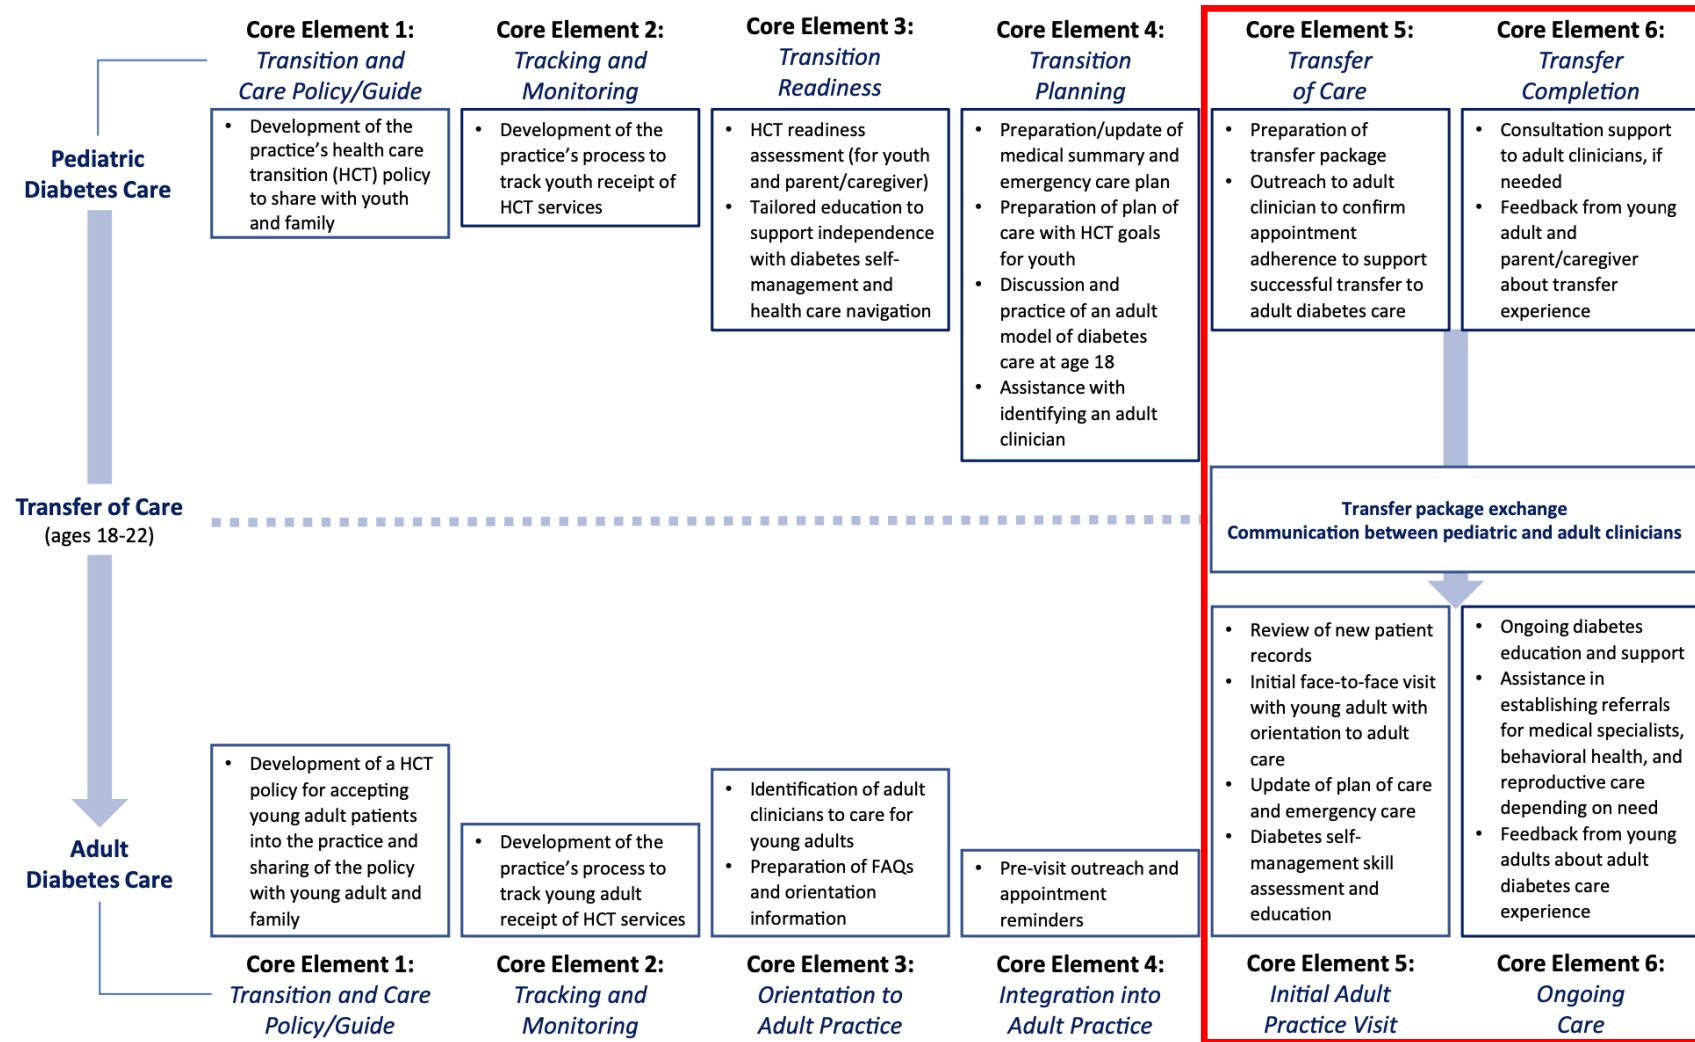

# Six Core Elements for Pediatric and Adult Diabetes Care

About 1/3 of pediatric centers provide a transfer package to assist in the transition to adult care.

Does your center provide a medical summary/transfer package to patients to assist them in the transition to adult care?

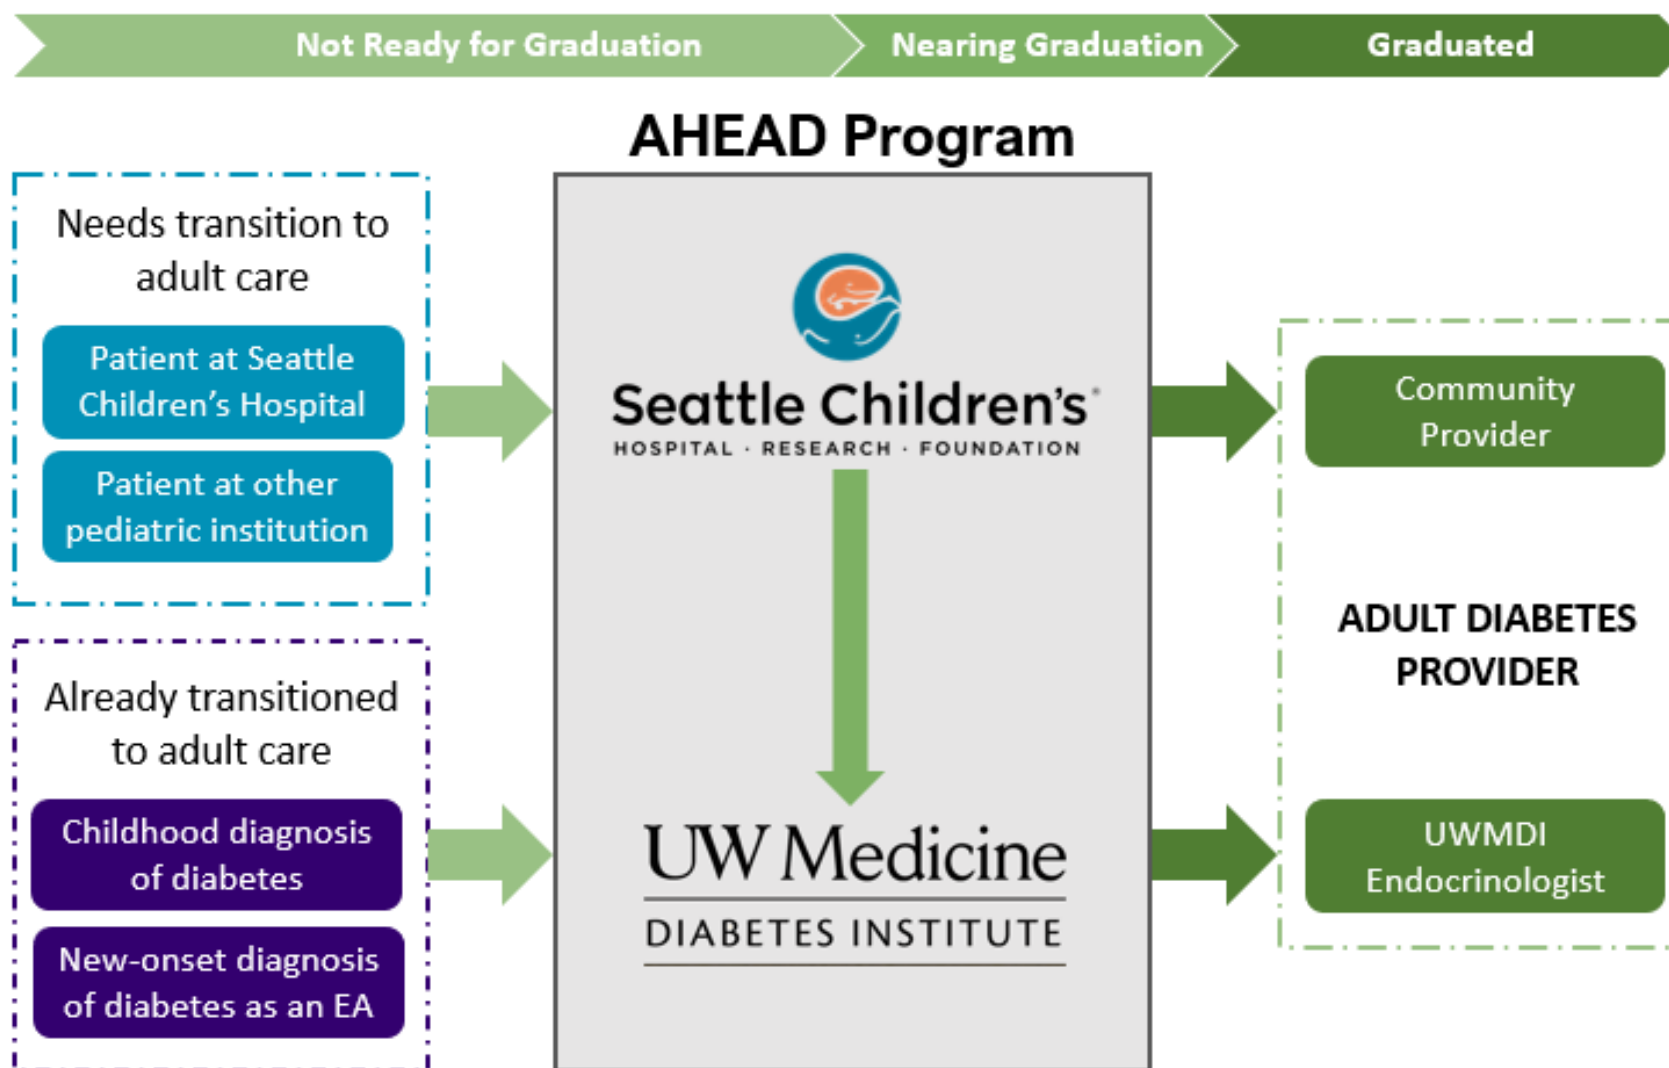

Only 27% of pediatric centers have a process in place to complete a transfer of care.

Does your center have a process in place to check if the youth/young adult has been seen by an adult diabetes provider (i.e. complete a transfer of care)?

# Pediatric Care | Core Elements #5 & #6: Transfer of Care & Transfer Completion
