2025 Accomplishments

- ✓ In six meetings, we fostered
- ✓ collaboration on topics such as:
 - ✓ Barriers to Technology
 - ✓ Increased device equity in youth
 - ✓ Increased CGM access in Adults
 - ✓ Increased screening for SDoH
 - ✓ Increased Food Security
 - ✓ Transitions to adulthood with the help of therapy animals

QI Champions Committee 2025

What is the makeup of the QI Champions Committee?

- This multidisciplinary committee consists of QI Coordinators, RNs, Patient Navigators, Fellows, Medical Students, Dietitians, CDCES and QI Specialists.

Committee Interest Areas

- Transition Readiness
- Future Publications
- Medical Devices
- Technology
- QI Tools
- SDoH

Goals for 2026

- Multiple center presentations at each meeting
- Continued active Engagement and cross pollination of ideas across the Collaborative
- Abstract and manuscript development

An abstract graphic consisting of a dense web of light blue lines connecting small blue dots, resembling a network or a molecular structure, positioned on the left side of the slide.

2026 Learning Session Feedback

Center Contribution

New Center Presentations:

- Introduce your Center (geography, patient population, staff numbers)
- QI Projects (active and in planning phases)
- Goals for 2026 and beyond
- 5-10 minutes total with additional time for Q&A

An abstract network diagram consisting of numerous small blue dots (nodes) connected by thin, light blue lines (edges). The nodes are distributed across the left and bottom portions of the image, creating a complex, web-like structure that suggests a global or interconnected community.
